Labor Protective Union Organized Last Night.

White Mechanics to Organize - The Rights of the Working Man - Temporary Officers Elected.

About thirty white working men of the city met in the Waring block last night to make preliminary arrangements for the formation of a Hawaiian Protective Labor Association.

J. L. Carter was elected temporary chairman, and H. J. Heusse temporary secretary. Messrs. Wicander, Siebert and Farrell were appointed a committee to procure a hall for the purpose of forming a permanent organization next week.

The following preamble, as a foundation-stone for the building of the organization, was accepted:

"In this great age of progress and civilization, the universal tendency is towards organization and combination. The wealthy Asiatics, combined and consolidated, are trying to monopolize and control the building trades and other labor of these islands, while the rapid concentration of wealth and power in their hands has had an extremely injurious effect upon all branches of honorable toil, and, in this respect, none have suffered greater depression than the building trades. Year by year it has become harder to find constant employment and, through lack of union, unfair and unscrupulous employers have introduced illegitimate practices that are at once a discredit and a reproach, not the least of which is employing Japanese, while everywhere in the blind, senseless competition for work cheapness has almost become the prevailing rule, to the detriment alike of employers and workmen, to the injury of the public and to the ruin and degradation of the laboring man. Now this condition of affairs demands our most earnest attention. Shall we willingly permit ourselves to sink lower and lower until it is beyond all possible hope of redemption? It is evident that to protect ourselves we must combine! There is no hope for us—only in unity and organization. We must form a union to embrace every honest workingman on the islands, excepting the Asiatics—one that will protect every man in his labor and in his wages. Single-handed we can accomplish nothing, but united there is no power of wrong we may not hope to rectify. Therefore it is the duty of every workingman to do all in his power to secure through organization and unity of action among the workmen of the Hawaiian Islands. In obedience to that duty, we, the undersigned, pledge ourselves to promote union among the workmen of our acquaintance."

**Society Event and Benefit.**

Arrangements have been perfected through Mrs. Mackintosh (president), Mrs. Jordan, Mrs. Hobron and others of the benevolent association, widely known as the Strangers' Friend Society, for a benefit to be given at the Y. M. C. A. Hall on next Monday evening, February 24th. Professor Zamloch will give a select entertainment of his marvelous creations, it being his farewell appearance in Honolulu. The occasion will also be brightened by the patronage and presence of President Dole, Mrs. Dole, many society ladies, and members of the Legislature. The object is a deserving one.

**THE PROPER TIME**

When the most benefit is to be derived from a good medicine, is early in the year. This is the season when the tired body, weakened organs and nervous system yearn for a building-up medicine like Hood's Sarsaparilla. Many wait for the open spring weather and, in fact, delay giving attention to their physical condition so long that a long siege of sickness is inevitable. To rid the system of the impurities accumulated during the winter season, to purify the blood and to invigorate the whole system, there is nothing equal to Hood's Sarsaparilla. Don't put it off, but take Hood's Sarsaparilla now. It will do you good. Read the testimonials published in behalf of Hood's Sarsaparilla, all form reliable, grateful people. They tell the story.
